Arroyo Verdugo Communities Joint Powers Authority

ITEM# IX C

DATE: April 29, 2026

TO: Governing Board

FROM: **David Kriske, AVCJPA Technical Advisory Committee Chair**

SUBJECT: AVCJPA Technical Advisory Committee Update

RECOMMENDATION

Note and File.

BACKGROUND

The AVCJPA Technical Advisory Committee (AVCJPA TAC) is made up of transportation staff from AVCJPA member jurisdictions for the purpose of advising the AVCJPA Executive Director and Governing Board on transportation matters. This report summarizes the AVCJPA TAC's discussions since the previous Governing Board meeting.

DISCUSSION

Measure M Subregional Funding Discussion

On April 2, 2026 the AVCJPA TAC met to discuss the upcoming programming cycle for new funding that Metro has made available as part of the Measure M Subregional Funding Program. Metro provides funding as part of Measure M the AVCJPA to fund certain transit, active transportation, and highway projects and recently released an additional $51 million funding for the next two-year allocation. The AVCJPA TAC met with the subregion's consultant, Cambridge Systematics, to discuss the process for reviewing all current Measure M Subregional projects, identify new projects, and review and update the subregion's overall Measure M subregional funding year-by-year funding allocations to ensure they match the funds made available by Metro. The AVCJPA TAC discussed that transportation staff from each jurisdiction will be providing information to Cambridge Systematics on the status of current projects and will also provide project descriptions for new projects. The AVCJPA TAC also discussed a rough schedule of activities needed to gather project information, coordinate with Metro, update the AVCJPA's Measure M Subregional funding plan, and schedule required public outreach with each local agency. The goal is to present a draft, updated plan to the AVCJPA Board in late summer 2026 so that the plan can be considered by the Metro Board of Directors for approval by the end of the year.

FISCAL IMPACT

There is no Fiscal Impact to receive this AVCJPA TAC update.
